THE SCHOOLS' CLASSIC

On the River

IN the Sydney schools there is gripping lure in the Rugby Union matches for the spectators. They thrill as, no other football in the State thrills. But the Huzzar must give place to the Head of the River contest of Saturday last. It was an epic in the chivalry of the river schools, and in the skill and courage of the crews.

SPORTSMEN OF THE SCHOOLS
—
Their Education

AUSTRALIA follows the example of the "Old Land" in cherishing the national sports in her schools. The winners of this brilliant event, which closed last Saturday evening in the dip that they had through life. They prepare men for deeds of greatness in life and we are sure they the spirit of sport, as required in the schools, never grow dull.

Factor was a good third, and, as he never looked healthier, his crew may not have long to wait for a return of the money dropped on him on this occasion.

Factor was fourth, and another un-expected runner to Halesham, acquired himself fame. However, I am still a mark.
